

City of Sweet Home

Setbacks Illustration

This drawing shows example setbacks on some common lot shapes in Sweet Home. Not all possibilities are shown here.

For corner lots the "front" of the lot is defined as the narrow side (SHMC 07.04.030). This may be different than the front side of the structure. Corner lots are also subject to the Clear Vision Area as per SHMC 17.08.040.

**Measured from rear lot line as defined in SHMC 17.04.030

Not to scale.
