

BUSY PLACE—The Sweet Home City library in the city hall is a busy and pleasant place, as this group of visitors will attest. Checking the card catalogue (back right) to find the book they want are (left) Vivian and Betty Perry, while Larry Williams and

Julie Payne, at the front table, enjoy books from the juvenile section. Mrs. Jay Gould, librarian, is at extreme left. Recently received at the library are new blonde wood furnishings, comfortable and attractive. A librarian's desk is on order. (New Era photo)
