

## LOWER SANKEY PARK PHASE III PROJECT

### “Providing a Safe and Vibrant Park for Kids and Adults of All Ages and Abilities”

Sankey Park with its central and unique setting among Douglas fir trees, has been a public icon for generations; A place where families and visitors alike can build and share memories for a lifetime.

Through public outreach, the City of Sweet Home and the Park and Tree Committee have identified the need to ensure our park remains a place where families can go, feel safe and have a unique experience.

To do this, Sankey Park is currently undergoing a transition to revitalize our park to a high standard of excellence. Evidence of this has already been completed with the Sankey Park Phase II renovations including a new playground, accessible hard surfaced trails, removal of unsafe trees and brush, a new parking lot, and new restrooms.

The City applied for an Oregon Parks and Recreation Development Grant on April 1, 2023, to help fund the Lower Sankey Park Phase III Project. The Oregon Parks and Recreation Department requires the city to provide 40% cost match of the project.

Funding Goal: \$295,993.30
